

# Clear MLP

## Clear MLP

Clear MLP packages are encapsulated with an optically transparent molding compound. The Clear MLP allows light transmittance through the transparent compound, enabling conversion to an electronic signal.

## Features :

- Light transmittance of 80% thru the clear package body
- Unique matte finishing on package surface to provide scratch resistance capability with robust manufacturability process
- Proven in production & shipped over 70 million parts

## Applications :

Display Backlight Control

Auto Brightness Control for Plasma, LCD TV

Proximity Sensor Applications
